

# RAHUL DUBEY

Senior Business Analyst | Capital Markets & Financial Services

Mumbai, India | +91 9819693287 | dubeyr428@outlook.com | [linkedin.com/in/rahul-dubey-33a497a5](https://www.linkedin.com/in/rahul-dubey-33a497a5)

## PROFESSIONAL SUMMARY

Senior Business Analyst with 8+ years of experience across capital markets, financial services, and enterprise technology, currently driving large-scale transformation initiatives at CCIL. Specialized in member onboarding, clearing & settlement systems, and regulatory-compliant platforms supporting national financial infrastructure. Proven track record in leading system migrations, optimizing workflows, and delivering scalable, high-impact solutions through Agile methodologies. Adept at bridging business and technology to enable data-driven decision-making and operational efficiency.

## PROFESSIONAL EXPERIENCE

### The Clearing Corporation of India Ltd (CCIL)

Business Analyst – Deputy Manager

May 2024 – Present | Mumbai

#### Key Highlights

- Managed a transformation project for Membership Portal (Onboarding and Maintenance Automation) and clearing & settlement systems in government securities, driving migration from legacy platforms to modern settlement systems.
- Played a key role in the Membership Module & Clearing and Settlement BA team for a large-scale transformation program.

#### Responsibilities

- Conducted business analysis and created Functional Requirement Documents (FRDs) for system migration covering 10+ modules including Member onboarding, Client & Constituent, FX-Options, Inter-Segment and others.
- Managed 50+ user stories per sprint with acceptance criteria, and test cases in Gitlab, ensuring full traceability from requirements to testing outcomes.
- Developed 100+ detailed test scenarios covering critical functionalities; planned and executed UAT, improving defect detection rate by ~25% before the production deployment.
- Reduced manual effort by ~30% and accelerated member onboarding turnaround time through workflow automation and streamlined settlement processes.
- Collaborated with cross functional teams including Product Owners, Scrum Masters, developers, QA Team, and business stakeholders across multiple Agile squads to prioritize backlog and achieve sprint goals.
- Participated in Agile ceremonies including sprint planning, stand-ups, and retrospectives.
- Led test planning, and database validation for leadership insights.

## NextGen Invent Corporation

### Business Analyst / Project Manager

Nov 2022 – Dec 2023 | Noida

- Led end-to-end delivery of a financial services application and loan management system; managed stakeholder communication, project planning, and execution.
- Delivered a travel application (similar to ride-hailing platforms) with real-time tracking via Google Maps API.
- Conducted requirement gathering, wireframing, and stakeholder validation sessions.
- Managed Agile delivery as Scrum Master; facilitated UAT and integrated third-party APIs (Stripe, PayPal, Twilio, Google Maps).
- Developed Power BI dashboards for healthcare clients, transforming raw data into actionable insights.

## Integreon Managed Solutions India Pvt. Ltd.

### Business Analyst

Dec 2019 – Aug 2022 | Mumbai

- Delivered a customer/vendor onboarding platform for legal and compliance domain.
- Gathered and documented requirements and translated them into implementation plans; defined KPIs and supported product strategy initiatives.
- Designed and executed UAT test cases, ensuring high-quality delivery.

## Concentrix Daksh Service India Pvt. Ltd.

### Business Analyst

Jan 2017 – Jul 2019 | Mumbai

- Developed and maintained loyalty rewards web and mobile applications (HTML, CSS, JavaScript).
- Transitioned into a Business Analyst role focusing on documentation, stakeholder collaboration, and requirement gathering.

## EDUCATION

---

### BSc Information Technology – Mumbai University

2013 – 2016
